Omer,
There is nothing in this plan to redact. I was planning to send to Erwin after our 1000 call

Mark, thanks for the information and confirming receipt.

Can you provide a redacted version of the destructive testing plan? I know BWS has requested something akin to this plan and we may have other interested parties so it would be beneficial for us and Navy to have a redacted copy as soon as your legal team can provide one.

Thanks,

Roxanne, Omer,

As requested in the EPA/DOH conditional Approval letter of 7 July 2017 for Scope of Work for Destructive Testing (AOC Statement of Work (SOW) Section 5.3.2), please find attached the Navy/DLA's Destructive Testing Plan for review.

Also attached is the soil vapor data from September 2015 to May 2018 in Excel format. This is the data that DOH and EPA requested. We are still working on getting data from the previous contractor who held the contract prior to September 2015.
